

Phil's Friends Christian Cancer Foundation

Chapel Kit

Dear Friends,

Thank you for your interest in allowing Phil's Friends to be highlighted at one of your chapel services. We trust that this will be a rewarding experience for your school as we partner together to brighten the lives of many individuals and families affected by cancer.

There are two different options which allow the school to participate, and these are listed on the following pages. Also, we have a skit that has been written which a class could perform in order to explain Phil's Friends to the school during the chapel service. We have found this to be one of the most effective ways to present how we reach out to cancer patients. We can discuss other presentation options, as well.

If you have any questions at all, please don't hesitate to contact me at any time. I look forward to hearing from you and working together to share the compassion and mercy of Christ with cancer patients!

In Christ,

Jennie Pries
Phil's Friends
Operations Coordinator

Option A:

Cards & Offering

1. Cards

Each student makes a card for a cancer patient. The students could write that they are praying for the patient, that they hope they feel better, etc. Suggested verses that they could include are Philippians 4:13 and Joshua 1:9. Students can color pictures and/or designs on the cards.

These cards will be placed in each care package that is delivered to cancer patients. The students can be assured that the patient who receives it will be very touched and appreciative that someone took the time to make a card for him/her!

2. Offering

The chapel offering that is collected can be donated to Phil's Friends in order for care packages to continue to be distributed to cancer patients. Each care package costs \$50 to assemble. In the care packages are many items which are helpful to the patients. (See the list of items included in this chapel kit.) Also, spiritual material is included in order to bring the life-saving Gospel to the patients and their families.

Option B:

Cards & Collection for Care Package Items

3. Cards

Each student makes a card for a cancer patient. The students could write that they are praying for the patient, that they hope they feel better, etc. Suggested verses that they could include are Philippians 4:13 and Joshua 1:9. Students can color pictures and/or designs on the cards.

These cards will be placed in each care package that is delivered to cancer patients. The students can be assured that the patient who receives it will be very touched and appreciative that someone took the time to make a card for him/her!

4. Collection for Care Package Items

The students can choose from the list of approved care package items to purchase and bring to chapel. These items will then be included in the care packages that are given to cancer patients. Again, the students can be assured that the patients will be very grateful for the helpful and encouraging items!

Phil's Friends Approved Care Package Items

All items must be new.

If you have questions, please feel free to contact the National Chapter at info@philsfriends.org.
